DRONE Discovery

Embark on an adventure with Drone Legends! Little Legends brings K–2 students into story-driven missions filled with creativity, teamwork, and fun. Through physical games, coding activities, and memory-based board games, students build problem-solving skills, confidence, and curiosity.

Students in these grade levels will not operate the drones themselves; instead, they'll enjoy exciting instructor-led drone demonstrations as part of the experience. It's a fun, age-appropriate introduction to technology that helps unlock the legend in every child!
